# **Driver CPC Training**

# CPC TRAINING

**Q Who needs a driver CPC?**

**A** All drivers who operate "Tachograph fitted vehicles."

**Q What is the deadline for holding a driver CPC?**

**A** In reality all drivers need to be trained or hold a CPC via grandfather rights by September 2014.

**Q What are grandfather rights?**

**A** Grandfather rights mean the automatic right without training to receive a driver CPC provided that they hold a licence as at September 2009

**Q Why are transport companies concerned about driver CPC now?**

**A** In order to comply with good practice the transport industry is undertaking training for all, even those with rights. Quality systems such as ISO and internal compliance and auditing protocols require certification.

**Q What form does training take?**

**A** The training requires 35 hours training in 7 hour blocks, 5 days training over a 5 year period recommended by Backline 1 module per annum.

The training is classroom based in Exeter (our approved training centre) and consists of 7 hours of lecture based training.

Qualification is by attendance.

The training is completed in a day.
